For Immediate Release:

## **Press Release – Save My Musik Announces "10-or-5-for-10 Referral Program"!**

20 March 2009

Coming off a successful site launch earlier this month, Save My Musik is now offering a new campaign where anyone who gets either 10 people to sign up for our free 7-day trial, or gets 5 people to register as paid customers will receive a free 10GB account upgrade!

Here's how it works. When your friends sign up and reach the question, 'How did you find us?', ask them to click on the 'Word of Mouth / Friend Referral' option and type in your name to receive credit. Alternatively, you can submit an email with candidate names and emails. We will check this list against who has registered and track the progress for you.

The promotion runs until 30 April 2009. So help us spread the word and get some SMM love back in the process!
